FOREIGN DEVELOPMENTS **CAUSE DISQUIETING TONE**

New York, Oct. 22.—Disquisting for-eign developments bulked large on the financial markets this week, the walk-out of the British miners causing from unsettlement in foreign exchange and overshadowing most demestic consis-erations.

There was intermittent selling for London and Paris accounts, but as this consisted largely of high-class railway shares, offerings were readily absorbed at moderate concessions. at moderate concessions.

In the more important branches of domestic industry, especially the textile and allied trades, there were recurrent signs of lower prices, reduction of output and pronounced contraction of payrolls. An encouraging note regarding the cutlook in the steel and frop todustry was sounded by the chief executive of the United States Steel corporation. This was supported by excellent statements of espaining issued by several of the independent producers.

Money rates were unchanged for the shorter periods, but banks manifested an increused disposition to restrict loans to the most essential industrial and commercial projects, with dus regard to reduced inventories.

More foreign negotiations were consummated here, including a moderate loan to a Norwelgian municipality and an underwriting of considerable proportions for the Danish government, Extensions of maturing credits to English and French interests are said to be under consideration.

PROLEAGUE G. O. P.'S TO

Washington, Oct. 28.—President Wilson will receive a delegation of proleague republicans next Wednesday, it was announced today at the White House. The delegation will be headed by Hamilton Holt, of New York, editor of the Independent.

The president is expected at that time to deliver a pronouncement on the league of nations, his second of the presidential campaign.
